Week 1 Log - Megan Pecho

Events of the week

- Started to make lists of jobs and associated skills which entire group contributed to
- Made a mock-up of student-side of the application

Personal Goals

My goal for the week was to create a mock-up of the project so we could start to make requirement decisions based upon an initial rendering of the project.

Tasks Completed/Skills Acquired

- Made a mock-up of the student side of the site
